The following is a list of independent laboratories which are known by the Bureau to perform flammability testing in accordance with the requirements of California Technical Bulletins 116, 117, 117-2013, 121, 129, 133, or 16 CFR 1632 and 16 CFR 1633. This is not intended to be a totally inclusive list of laboratories. There may be other laboratories not known to the Bureau equally capable of performing the necessary testing. In addition, it should be noted that this list is not a list of approved laboratories, since the Bureau does not have an approval process for domestic laboratories. This list is therefore provided to be helpful, and for informative purposes only.
