

LIST OF FOREIGN TESTING LABORATORIES FOR CALIFORNIA BUREAU OF HOME FURNISHINGS AND THERMAL INSULATION

April 2017

The following is a list of independent foreign laboratories which are known by the Bureau to perform flammability testing in accordance with the requirements of one or more of the following standards: California Technical Bulletins 116, 117, 117-2013, 121, 129, 133, or 16 CFR 1632 and 16 CFR1633. This is not intended to be a totally inclusive list of laboratories. There may be other laboratories not known to the Bureau equally capable of performing the necessary testing. In addition, it should be noted that this is not a list of approved laboratories, since the Bureau does not have an approval or certification process for domestic or foreign laboratories. This list is therefore provided to be helpful, and for informative purposes only.
